

A Parents' Organization Presentation

Teaching Foundational Skills at Home

Provided by Program Director Paula Braga-Kenyon, MS, BCBA

Saturday January 21, 2012

1:00 p.m. - 3:00 p.m.

NECC, Kim Room

Teaching self-help and other skills at home can provide important carry over and be important part of an overall intervention plan for a child diagnosed with ASD. This training will include an overview of some important components of a home teaching program including video modeling, the use of schedules and reinforcement as well as other teaching procedures.

NECC Parents' Organization and Family Services events and topics will be discussed prior to presentation.
