THE NEW ENGLAND CENTER FOR CHILDREN ELECTS DR. ALAN LOBOVITS TO BOARD OF DIRECTORS

Southborough, Mass. – Nov. 6, 2017 – The New England Center for Children® (NECC®), a global leader in education for children with autism, announced today the election of Dr. Alan Lobovits to the Board of Directors. Dr. Lobovits is a pediatrician with Southboro Medical Group and an expert on developmental disabilities in children.

“The New England Center for Children is fortunate to have Dr. Alan Lobovits join our Board of Directors,” said Vincent Strully, Jr., President and CEO of The New England Center for Children. “Dr. Lobovits is on the front line of care for children with developmental disabilities, and his perspective as a provider, parent and expert will bring much to NECC’s leadership.”

Dr. Lobovits has been a pediatrician with Southboro Medical Group since 1983 and has extensive experience working with children with developmental disabilities. He is affiliated with multiple hospitals in the area, including MetroWest Medical Center. Dr. Lobovits received his medical degree from State University of New York Downstate Medical Center College of Medicine, interned at Maimonides Medical Center and held residency at Mount Sinai Medical Center. He is a Robert Wood Johnson Fellow at Johns Hopkins, and has served as President of Southboro Medical Group, as well as on the Boards of Southboro Medical Group, Reliant Medical Group, and Atrius Health.

“The New England Center for Children is an innovator in autism education, and being part of their Board of Directors is an honor and privilege,” said Dr. Alan Lobovits. “Just as I see myself as an educator and facilitator to help parents make the best decisions they can for the well-being of their children, so does The New England Center for Children help families worldwide through autism education, research, and technology.”

About The New England Center for Children

The New England Center for Children® (NECC®) is a world leader in education, research, and technology for children with autism. For more than 40 years, our community of teachers, researchers and clinicians have been transforming lives and offering hope to children with autism

and their families. NECC's award-winning services include home-based, day, and residential programs; public school partnerships and consulting; the John and Diane Kim Autism Institute; and the ACE[®] ABA Software System used by more than 4,620 students in 24 states and nine countries. NECC received the 2017 Award for International Dissemination of Behavior Analysis from the Society for the Advancement of Behavior Analysis (SABA). A 501c3 non-profit, The New England Center for Children is based in Southborough, MA, and also operates a center in Abu Dhabi, UAE. More information is available at www.necc.org.
